We have the honor to meet the Ancient and Honorable Artillery Company of Massachusetts celebrates its 250th Anniversary at Faneuil Hall, Boston. Its parent Company, the Honorable Artillery Company of London celebrated its 250th Anniversary on July 21st 1887, in which celebration the Massachusetts Company joined by a delegation. The London Company now desires to take part in the celebration of June 4th and proposes to send a delegation of twenty five members who will land in New York on or about May 26th 1888.

I would hereby request permission from the U. S. Government for the delegation to enter the country in uniform and bearing arms.

Sir:

In reply to your letter of the 16th instant, requesting for use by the Ancient and Honorable Artillery Company of Massachusetts, upon the occasion of its 250th anniversary, June 4th next, 150 rifles of modern pattern and as many belts and cartridge boxes, I have the honor to state that loans of this character have always been made in compliance with your

Resolutions of Congress specially enacted in each case. In the absence of any authority of law in the present instance, I regret my inability to grant this request.

Very respectfully,

The foregoing letter was in reply to a request made by me that the United States should loan arms and equipments of the latest pattern to the A. N. C. Company. As the Secretary of War could not legally comply with the request a resolve to accomplish the purpose was passed by both Houses of Congress and signed by the President. It was then however too late for the Company to avail itself of the act.

Dear Col

introduce a resolve such as you
indicate for a loan of rifles
to the A. S. A. C. The great difficulty
is in getting it acted on by the House.
The tariff so absorbs the time, that
little else can be done. I think I
can get a favorable report from

calendar with great risk of being
unable to reach it.

I am in receipt
of your note of yesterday's
date and regret that it
will be necessary to ar-
range for some other day
for the reception by the
President of your Commit-

the one selected.

When considering the

practicability of the-
dates mentioned in your

account was taken only
of the fact that Tuesday
was Cabin day, and that
the day before or the day
after would be convenient
for the President. The
fact that the day after

Dear Sir -

I find that none of my officers have received invitations to the Annuents. Some weeks ago I rec'd a request for a list of my officers, which was forwarded, and I inferred it was preliminary to sending the usual invitations. Our Grenadier uniform is so conspicuous that I dislike appearing in it alone, and always try to find two or three to accompany me. If

the omission to send invitations is an oversight will you kindly have it corrected.

You may infer from the post that there is no danger of my burdening the always generous hospitality of the Ancients

I have received from
you an invitation to be
present at the 250th An-

and esteem it a high honor
to be asked to participate
in the festivities of so notable

ing the foundation of

but feel deep interest in
an organization so venerable,

The handsome document forwarded by you has been placed in our American Room, which already contains many interesting and valuable gifts received from time to time from your Ancient Company.

I may further add that the spontaneous and generous reception given in Boston to the British representatives, Naval and others to celebrate The Queen's Jubilee on the 21st June has made a deep impression on us as again proving the bonds of sympathy and friendship existing between our two Countries, and especially between our two Corps.

In conclusion I can cordially endorse the hope expressed in your letter, that at no distant time the Honourable Artillery Company may undertake a friendly invasion of your great Country.

Finally I regret the delay which has occurred in acknowledging your communication which, owing to the Long Vacation, was unavoidable.
